25X1

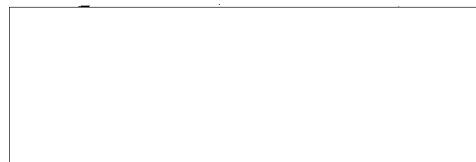

25 November 1964

MEMORANDUM FOR: Committee on Overhead Reconnaissance

**SUBJECT: Long-Range Requirements for
Photographic Satellite Reconnaissance**

1. Attached for consideration of COMOR at its meeting on 27 November is a draft on the above subject which is based principally on the DIA draft tabled at the last meeting, 23 November (see COMOR-M-283, para 3). This was prepared by the Chairman and includes his editorial changes in paras 2, 3, 9b, and 9c. More importantly the paper now puts into juxtaposition the CIA view with regard to amendment of para 1b as shown in the brackets of para 2 and the different language proposed by CIA as pertains to area search in para 4. The proposed tabs are not included in this draft.

2. For convenience in publication for this draft, the section on geodetic requirements has been omitted.
